SCANDIANA. (when Scandi meets Canadiana)

Scandinavian designs appreciate minimalist aesthetics. Designs are very simple & the colours are light & neutral.

Canadiana designs often inspired by natural rustic elements mixing bold and neutral colours. Bold checks are all sooo "CANADIANA"

Combining both would not only complement the better side of simplicity & naturalness. It would also excite this holiday with great festive sense with much warmth that we can share & enjoy with family & friends.

NOSTALGIA (vintage)

Smallest things can make us happy even in the toughest times.
It becomes memorable which we have it to hold on
to in our deep hearts to mold us & carry on.

Let's think back to holidays we had in our childhood when
we received a letter from Santa & a toy truck is the
only thing that mattered.

It is nostalgic, worth remembering & definitely valuable
thing to give back the memory to loved ones somehow.
